GOKUL KANAGARAJ

Cyber Security Engineer

gokulkanagaraj7@email.com | linkedin.com/in/gokulkanagaraj

Dharmapuri, Tamil Nadu

PROFESSIONAL SUMMARY

Motivated and detail-oriented recent graduate with a degree in cybersecurity seeking an entry-level cybersecurity analyst position. Eager to apply my knowledge of network security, threat analysis and incident response to help protect organizational assets and enhance security posture.

EDUCATION

Bachelor of Engineering in Cyber Security
Paavai Engineering College(Autonomous)
Pursuing with CGPA of 8.33
Namakkal, Tamil Nadu

SSLC & HSC 2019 - 2022
Variyar Higher Secondary School
Completed with above 75%
Dharmapuri, Tamil Nadu

EXPERIENCE

Cyber Security Intern   Remote

Navodita Infotech   May 2025 – Jun 2025

- Engaged in practical tasks such as vulnerability assessment, penetration testing and network security analysis
- Explored ethical hacking techniques and learned how to identify and mitigate potential threats in digital environments

Penetration Testing Internship   Remote

Cyber & Forensics Security Solutions   Aug 2024 – Sep 2024

- Gained hands-on experience in identifying and exploiting vulnerabilities in digital systems
- Simulated real-world cyberattacks and strengthened security protocols
- Acquired practical knowledge in reconnaissance, vulnerability scanning, exploitation techniques and reporting

Cyber Security & Ethical Hacking Intern   Remote

TechnoHacks EduTech Official   Mar 2024 – Apr 2024

- Analyzed network traffic and identified potential security breaches
- Implemented preventive measures and explored ethical hacking methodologies
- Learned how to simulate cyberattacks to test system resilience

SKILLS

Linux	SIEM Tools	Networking	Bash & Shell Scripting
Java	Ethical Hacking	Log and Threat Monitoring	Vulnerability Detection and Response

CERTIFICATIONS

- SOC Analyst Career Path
- SIEM Engineer Career Path
- Blue Team Junior Analyst Path
- Junior Cybersecurity Analyst Path
- The Complete Hands-on Cybersecurity Analyst Course
- Vulnerability Management Detection and Response Path

PROJECTS

Real-TimeThreat Monitoring & Response Using Wazuh & Shuffle

Integration of Wazuh and Shuffle for enhanced cybersecurity operations

- Developed real-time threat detection and security analytics using Wazuh
- Automated incident response workflows across tools with Shuffle
- Enabled rapid, coordinated defense against cyber threats with minimal manual intervention
